

-PRESS RELEASE-

DJB Software wins a coveted “Best of Show” award from NewBay Media at NAB 2017.

5/4/17-DJB Software of Winnipeg, Manitoba, Canada has won the coveted “Best of Show” award from NewBay Media and Radio World magazine for their iBroadcaster for iTunes® PRO software.

iBroadcaster for iTunes® PRO automation software works for any format of radio, transmitted or streamed and allows the broadcaster to utilize music and audio from their iTunes library for playback on-air. This is the third time that DJB Radio has won a Radio World “Best of Show” and/or the “Cool Stuff” award in five years.

ABOUT THE “BEST OF SHOW” AWARDS: NewBay Media’s Best of Show Awards are evaluated by a secret, independent panel of engineers and industry experts from the radio industry and are selected based on innovation, feature set, cost efficiency and performance in serving the industry. Companies pay an entry fee to be considered. Not all entries are awarded. Winners receive an award for display and will be featured in Radio World, the news source for radio owners, managers and engineers.

All nominated products also are featured in the special Best of Show Awards Program Guide, to be distributed in digital edition form to more than 100,000 readers of Radio World, TV Technology, Digital Video, Video Edge, Government Video, Radio magazine, Pro Sound News and Sound & Video Contractor after the convention.

“The products nominated for the Best of Show program, now in its fourth year, provide an outstanding overview of new technology on the show floor and shine a spotlight on the very best,” said NewBay Broadcast & Video Group Vice President & Group Publisher, Eric Trabb.

ABOUT DJB RADIO OF WINNIPEG, MB: Owner Ron Paley and DJB Radio have been at the forefront of innovating radio technical advances for over 20 years. Mr. Paley has over 40 years of experience in all aspects of radio automation. He has designed, managed and supplied numerous major market radio projects in the USA Canada and internationally. The Paley family acquired the DJB technology in 2012. Prior to winning two “Best of Show” awards, Mr. Paley’s companies have won three other NAB “Cool Stuff” awards from Radio World magazine for product innovation.
